Dear Neighbor,

If you are reading this you are a member of Bakersville Volunteer Fire Department community. Our homes, roadways and businesses are places that we will interact. They will require prompt and professional response in times of emergencies. It is only because of your gifts that we can protect the life and property of the area.

Serve

Every time we hear beep several hundred times a year, we strive to respond within minutes to our community's needs. To search a smoke filled house or to control the hazards at a vehicle accident and medical emergencies, these are only a fraction of our duties. We also do training, maintaining and preventing.

Financial Support

Your donation today is to ensure the Bakersville Volunteer Fire Department can respond promptly with the correct tools and training needed. It is an investment in our community. This fundraising mailer is relied upon to generate money to meet our operating expenses including rescue equipment, vehicle repairs and firefighter safety gear. Thank you in advance for your financial contribution.

Volunteer

Your support is essential beyond financial contributions. We are also seeking the time and talent of energetic members of our community to assist in fundraising facility and apparatus upkeep and other non-firefighting duties. Come learn more about what we do.

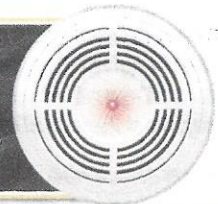

If firefighting interests you, become a volunteer firefighter or junior firefighter today! Junior firefighters must be between the ages of 14-17 years of age, volunteer firefighters are age 18 and over. Call the station for more information at 814-445-8385 or stop by for an application.

Most importantly we need everyone in the community to practice fire prevention and personal safety!

* We are proud to serve Jefferson Township and the surrounding areas! *

With Sincere Thanks and Appreciation,
Bakersville Volunteer Fire Department

Did you know that your Smoke Alarms should be replaced every 10 years? You can find the date on the back of the smoke alarm. Don't wait, CHECK the date on your smoke alarm. **SMOKE DETECTORS SAVE LIVES!**
